WHERE THE SIDEWALK ENDS

There is a place where the sidewalk ends
And before the street begins,
And there the grass grows soft and white,
And there the sun burns crimson bright,
And there the moon-bird rests from his flight
To cool in the peppermint wind.

Let us leave this place where the smoke blows black
And the dark street winds and bends.
Past the pits where the asphalt flowers grow
We shall walk with a walk that is measured and slow,
And watch where the chalk-white arrows go
To the place where the sidewalk ends.

Yes we'll walk with a walk that is measured and slow,
And we'll go where the chalk-white arrows go,
For the children, they mark, and the children, they know
The place where the sidewalk ends.

Transfer Senior Rhea Pendinger added her Junior Olympic skills to the team. Kendra Dayton was the only other senior on the team, so the team should be strong in the coming years. Cheerleading

The 1992 cheerleaders did an excellent job of keeping the spirit alive at Football and Basketball games. They worked hard on their mounts and pyramids and performed them to perfection during the competition. Captains Jamie Rea and Andrea Sinclair led the Football cheerleaders, who came in 6th during the Bay State competition. "They tried their hardest" said Andrea Sinclair. Each week they did something different for Football spirit, such as candy, pillow cases and boxer shorts. Of course, they also performed the Walpole tradition of toilet papering before big games.

Boys' Basketball

The Boys' Basketball team had a difficult season with a record of 4-16, but they always played hard and many of the games were only lost by a couple of points. They were lead by Captain Sean Cunningham and Seniors Sean Conneely, Jeff Henman, Rich Leardo, Brian Melanson and Bill Sullivan. Each one made an important contribution in his own way with consistent play.

The highlights of the season included their big win over Mansfield by 17 points in the Oliver Ames Holiday Tournament. Their first home win came against Framingham in an upset by a score of 44-40. At the conclusion of the season, the players showed that they would never give up and continued to play a great game of Basketball, by beating Randolph 49-42 to advance to the finals of the Rebel Roundup Tournament. Coach Don Byron had nothing but praise for his senior leaders and other members of the Varsity team. With a good group returning next year, they should have a great season.

They were led by Captains Christine Doyle and Nicole Woodson, also seniors Jill Ciavattone and Karen Tarbell. Although they didn't claim the Bay State League title, they did make it to the Garden to play on the hallowed parquet floor. In the Sectional final they beat Holliston by 1 point with 2 seconds left on a beautiful coast to coast lay-up by sophomore Kristen Stumpo. In the course of the season, they won both the Lincoln-Sudbury and Hoop Classic Tournaments. Lincoln-Sudbury all-stars were Jill Ciavattone, Kerri Sullivan and Kristen Stumpo while Hoop Classic all-stars were Kerri, Katie O'Leary and Colleen McCrave.

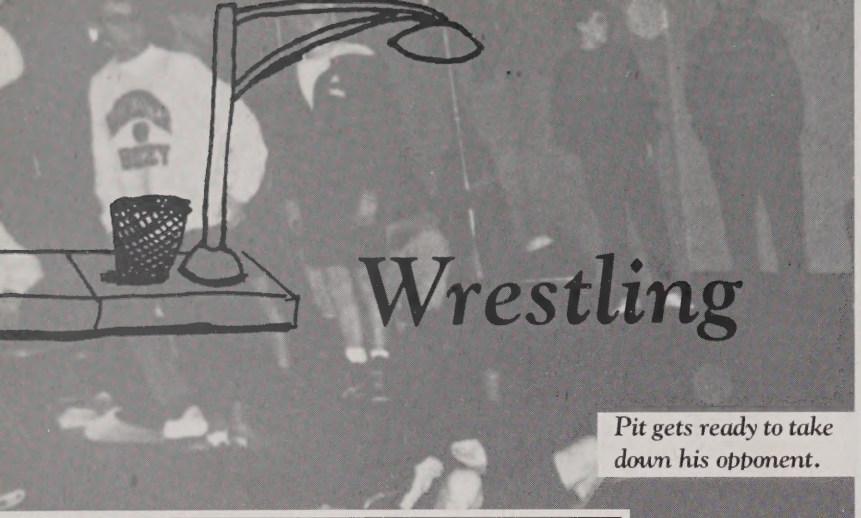
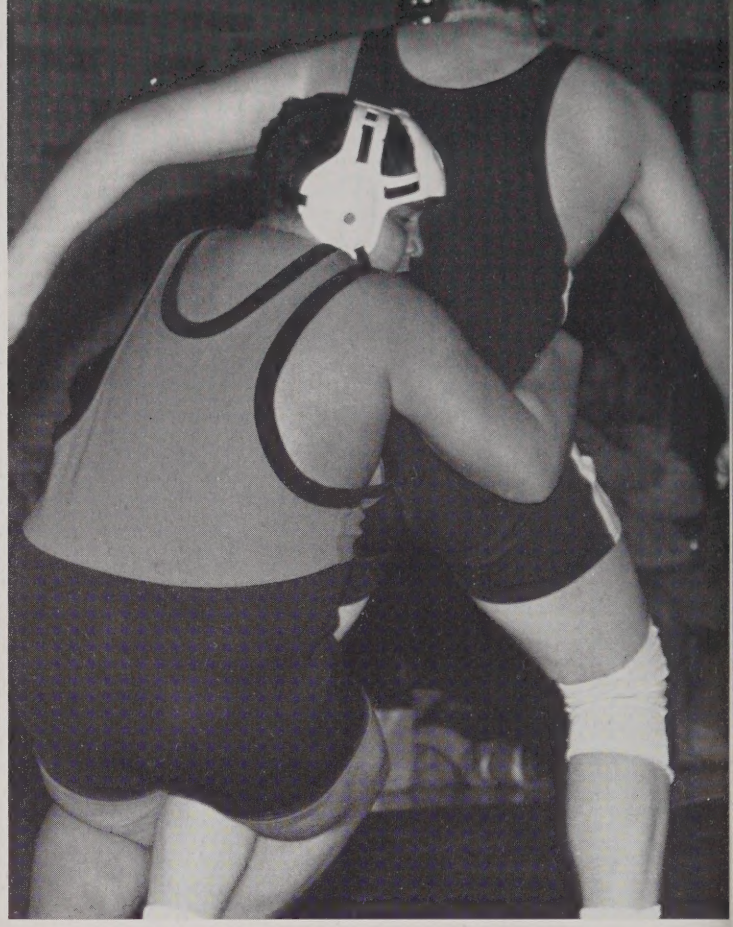
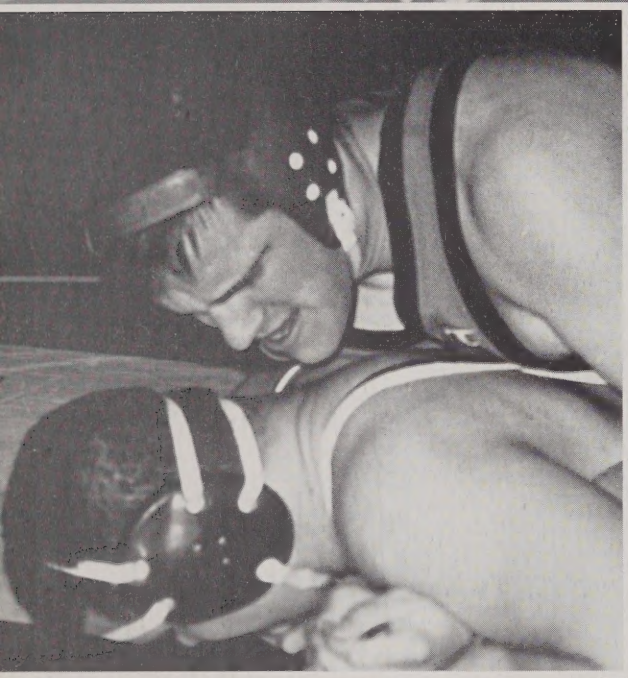
Wrestling





Pit gets ready to take down his opponent.



Tim makes a nice move to take the advantage.

Before the season started the goal of the wrestling team was to go .500 in the league. That is what they did with a final record of 7-8. They weren't expected to place as a team in the Needham Tournament but they pulled out a 3rd place finish. Everyone did their part which helped the team achieve their goal. No one gave up no matter how much they were losing by. Every wrestler put out an outstanding effort.

Wrestlers that gave an outstanding effort during the season, which helped contribute to the matches that were won were Brian Spillane, Joe McGovern, Mike Lamonica, Dan Ferris, John Staley, Paul Ferri, Damien O'connell,Dan Sarantos, Ed Dangelo, Jason Akien, Justin Eldridge, Tim Davis and Jared Vance.

Most of the matches were close the whole way through, but with everyone doing what was expected and more, Walpole gathered a few more wins. Natick was one of the closest matches all year. The team was up by 3 points with one match to go and ended up losing by 3. Brian Spillane, Mike Lamonica, Tim Davis and Justin Eldridge placed in the sectionals.

Gymnastics

Although the record of 4 and 7 may not be a winning season, the Rebel gymnasts found it to be very rewarding. Coach Lisa Grant had her best season yet with four victories, making this years' record the most successful in about 10 years. In addition to the four wins, three of the Rebels placed at the Bay State Conference meet on various events. Walpole finished 5th in the league. The winning combination for the '92-'93 season consisted of nine returning gymnasts, including tri-captains Tina Barron, Shaw Hubbard and Karen Thomas, and the addition of seven talented freshmen. Grant's expertise, coupled with the talent remaining for next year, the future looks even more promising for Rebel Gymnastics.

After a disappointing 7-2 season opener loss to defending Division 1 State Champs Framingham, Walpole bounced back with a 9 game unbeaten streak including a big win over Norwood and an impressive tie with Number 1 seed Milton. The tourney bound Rebs earned the respect of local critics ending the regular season with a 15-3-2 record and received a number 4 seed in the Division 1 State Tournament. At the drop of the puck, the Rebels dominated, outscoring Somerville 5-1 with goals by Scott Friedholm, Scott Peck, Rob MacDonald and an impressive two goal performance by defenseman Bryan Moore. Walpole advanced to play in the "Elite Eight" against North Quincy. The Rebels lost 7-5, feeling down in spirit, but knowing that both teams played the games of their lives and one team had to win. With losing only three seniors, the Rebels will be a dominate force in the Bay State League next year.

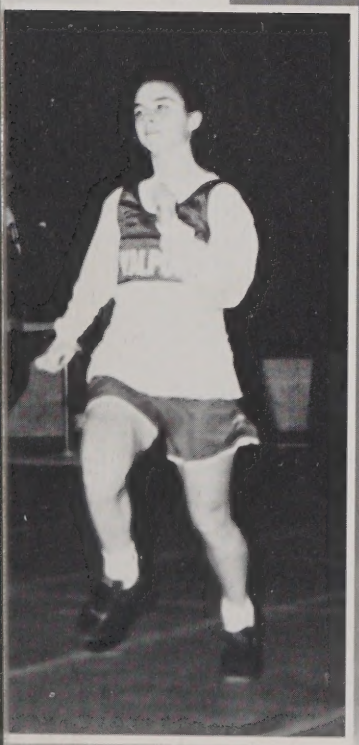
SEASON HIGHLIGHTED BY RUNNERS

Nicole



This year's Indoor Track Team (5-2) got off to a great 4-0 start. Led by captains Dan Rowe (1,000 yard run) and Joel Jaffe (shot put), the seniors contributed a good many points and strong performances to the team. Keith Jacobson, Max Delaney, Brian Prasse, Mike Welsh, Manuel Sanchez, and Mike Wholey all ran well in the distance events. Magnum Vassell helped out with some points in the shot put. The highlight of the dual meet season was the win over Newton North which came down to the relay and was won by the undefeated mile relay team of Rowe, Prasse, Wholey, and Delaney. Post season honors went to Keith Jacobson (3rd in the State Class "C" mile) and Max Delaney (3rd in the Class "C" mile). Good luck to all. The Girls Winter Track Team (3-4) was led by senior captains Lynne Giesecke (1,000 yard run), Jess Winslow (50 yard dash), and Kathleen Woodson (mile and 2 mile). Senior Nicole Goodnow (50,300) added to the leadership of the captains to guide this young team. Top performances were handed in by Woodson, who won the state class "C" mile and Giesecke who was 5th in the class "C" 1000. These young ladies have a great running future ahead of them. Superstar Sophomores Claire Kelley (winner of the all-state 2 mile), and Meghan Dwyer (runner up in the all-state 1,000) qualified for the National Scholastic Indoor Track and Field Championships in Syracuse, NY. Neither will forget the meet or being stuck in Syracuse during their "Blizzard of 93" when 42 inches of snow fell in Syracuse.

The team was Captained by Keith Jacobson and the other seniors who contributed heavily during the season were Jason Cheek, Jeff Hemman and John Allan. Also playing for the Varsity were Alan Weatherbee, Chris Kramer and Josh Langmead. The Junior Varsity had an excellent record of 9-6, so things look bright for the future.

Mary Gamache demonstrates great form coming off the low hurdles.

Despite their 1-6 record, the very young Girls' Spring Track Team had many memorable and admirable performances. Sophomore Colleen McCrave earned 69 points in the 100, 200 and long jump, for MVP honors. Sophomore Claire Kelley won the 2 mile in the State Class "C" meet. Sophomore Meghan Dwyer won the 800 at both the State Coaches Invitational and the State Class "C" meet. Freshman Kerri Andrews placed second in the State Class "C" high jump.

The dedicated, high-energy seniors will be sorely missed. Capt. Lynne Giesecke provided leadership along with her running talent, placing 4th in the class "C" mile. Captain Kathleen Woodson could always be counted on to run smoothly and quickly to a victory. Both young ladies plan to continue their running careers in college.

Yearbook

The Yearbook is probably the biggest undertaking which happens on a yearly basis and attempts to chronicle each year in the life of a high school.

Each fall, Seniors flock to the organizational meeting. Everyone is fresh from their summer of rest, and eager to start their "last" year in this school. Some have been together since kindergarten, others are finding their way in new surroundings, but everyone is eager to start their creation. People take responsibility for different parts of the Yearbook and start to learn how to put pages together, what a signature is, and how we can get it accomplished before the first deadline in December.

About this time, the early pressures of Senior Year begin to take over. Fall sports, find a job, where are we going to apply to college, all those day visits, musicals, plays, activities, and Yearbook meetings. We make out a ladder and set deadlines two weeks ahead of when it really has to be done, because someone is always late!!

Now it is Thanksgiving and such a short time till Christmas. The first 16 pages are done, the pressure is off! But, wait, the next deadline needs 50 pages and it is only four weeks away. The editors are chasing everyone, the students are chasing coaches, teachers, other Seniors, anyone who will listen to their pleas for help and cooperation.

And so it goes, well past graduation, as the final pages are pulled together and the proof sheets are checked. The finished product won't be available until the Class of 1993 is together once again at Thanksgiving, but by then a new group has started on another year.

Our many editors and workers had many activities and the pictures show them at other times during Senior year.

To all those who worked so hard and gave so many hours, thank you for your help and we hope it is the best Yearbook ever!

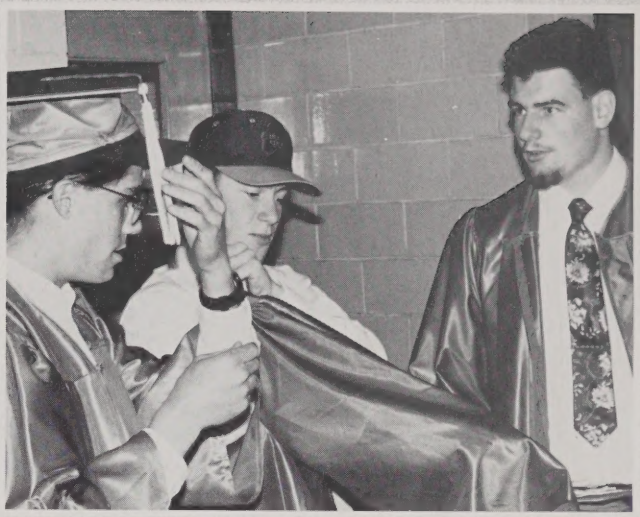
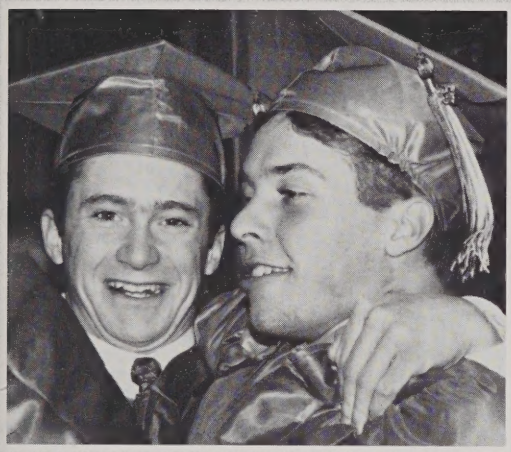
Graduation

June 6, 1993 dawned cold, grey, misty with a threat of rain, but undaunted the ceremony went on as scheduled at 1:00 p.m. Through the following pages you will see the enthusiasm and smiles that was a characteristic of the class. Also, read the excerpt from Class President Kim Moloney and Valedictorian Mike Lee's speeches, Oh, The Places You'll go!" by Dr. Seuss, which addresses the Yearbook theme.

"Congratulations!
Today is your day
You're off to Great Places!
You're off and away! "

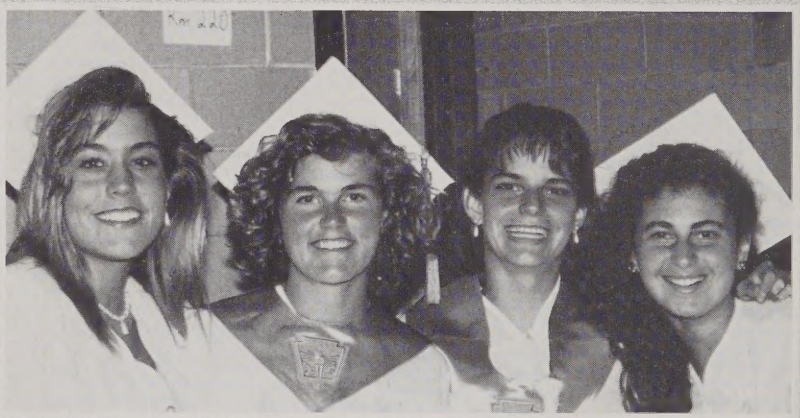


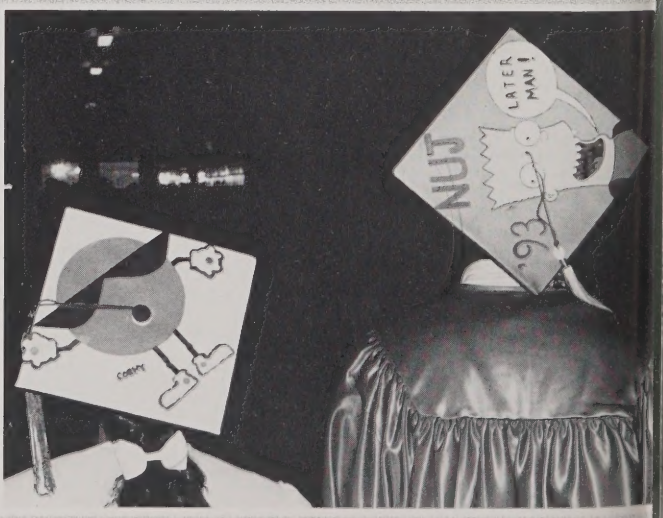


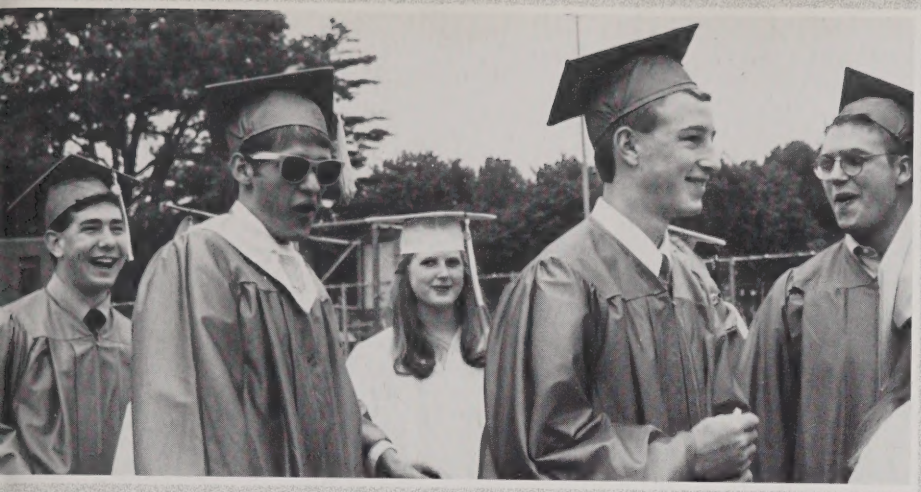
You have brains in your head.
You have feet in your shoes.
You can steer yourself,
any direction you choose.

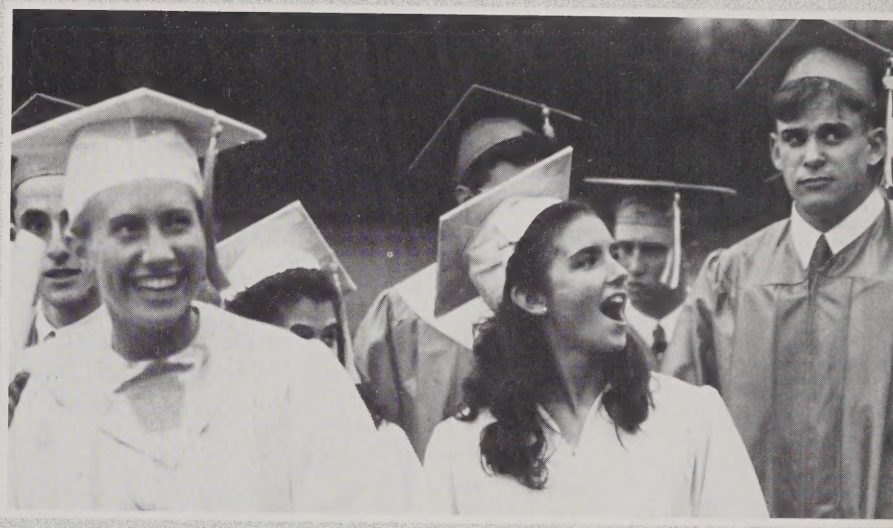
June 6, 1993

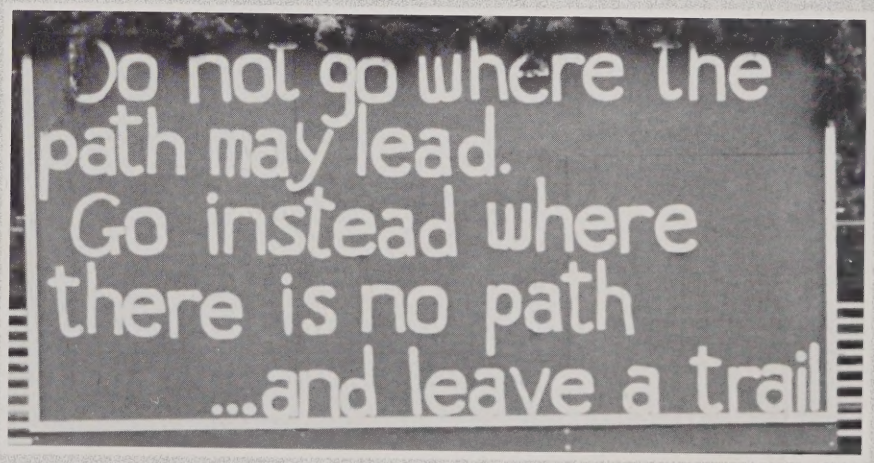
You're on your own. And you know what you know. And You are the guy who'll decide where to go.











You'll look up and down streets.
Look 'em over with care.
About some you will say, 'I
don't choose to go there.'

With your head full of brains
and your shoes full of feet,
You're too smart to go down
any not-so-good street.

Good afternoon graduates, parents, relatives, friends, invited guests, Superintendent (of Schools Thomas) Cibotti, school committee members and faculty.

"Do not go where the path may lead. Go instead where there is no path and leave a trail." This quote holds true to today's graduating class of 1993. Each one of us is off to great places; off of the path and onto our own trails. We have spent years together learning how to become individuals. Everyone has distinguished themselves by creating their own form of expression which is unparalleled by any other.

For some, it has been academics, athletics, or artistic expertise. For others, it has been a sense of humor, a certain smile or perhaps that special ability to be a good friend.

Now is the time to take our unique characters to the places we have been dreaming of for so long. To take our dreams and turn them into realities is the challenge we all face from this day on. We have everything to look forward to and nothing to fear, for our future is what we make of it.

The most wonderful thing about today is the direction in which we are all heading. We are pushing ourselves to places we have never been before-testing our limits, breaking through barriers, preparing to live our lives to the fullest. I would like to share with you one man's perception of how life is a journey. Harold V. Melchert writes:

"Live your life each day as you would climb a mountain. An occasional glance toward the summit keeps the goal in mind, but many beautiful scenes are to be observed from each new vantage point.

Climb slowly, steadily, enjoying each passing moment; and the view from the summit will serve as a fitting climax for the journey."

Today, we, the Class of 1993, are ending our journey together on the same path, as well as beginning exciting and adventurous endeavors on our own trails.

As we hold onto our memories and say goodbye to our past, we are saying hello to our future.

And all I can add for now my fellow graduates ... my friends ... go for it! And good luck. Thank you!

Today, we, the Class of 1993, graduate from Walpole High School. It is a day to look back and thank all those who have helped us reach this day. For some of us, this is a sad occasion because we will be leaving behind friends, teachers, and great memories; but most of us are happy because we realize that the end of high school is the beginning of the rest of our lives. But the question is, what will we do with the rest of our lives?

For the past 18 or so years, we have pondered our futures, what we would like to do, what we would like to be. As children, we dreamed of being doctors, lawyers, athletes, actors, firemen and other exciting occupations. When we entered high school four years ago, we narrowed down our interests and many of us made marks for ourselves in the areas of academics, athletics, fine arts and other activities.

Now, as we leave Walpole High School, some of us will continue our educations at college, others will join the military, others will begin work. Whatever your choice may be, "Do not go where the path may lead, go instead where there is no path and leave a trail."

To forge our own trails, we must seize each opportunity which presents itself. Opportunities are few and precious, so if the chance presents itself, do not hesitate to seize it, for it might not come around again. We must do what we can to become the leaders of our fields rather than the followers. Leaders do not go where the path leads, they blaze their own paths, and leave trails for others. Life will not be as easy, as we all should know. There will be days during which we wish we could just give up and let others worry about problems, or just get away from it all. But we must take the good with the bad.

Leaders must learn responsibility, therefore, we must learn responsibility. We have traveled far since we started high school. We have matured, some more than others. We have grown through our experiences, both good and bad, and we have realized that as young adults, we will bear the brunt of the problems that have formed over the past century.

However, we create our own futures, so let us make the most of the rest of our lives by not following the easy path, but rather always choosing the right path. We leave here today as graduates of Walpole High School. It is a new beginning for us as we discover new friends, experiences and independence. Follow your dreams and live life to the fullest as you now leave behind your school days at Walpole High.

For all of us, I thank the parents, teachers, coaches, friends and all others who have helped us the past four years. Thank you and God bless.

And you may not find any,
you'll want to go down.
In that case, of course,
you'll head straight out of town.

It's opener there,
In the wide open air.

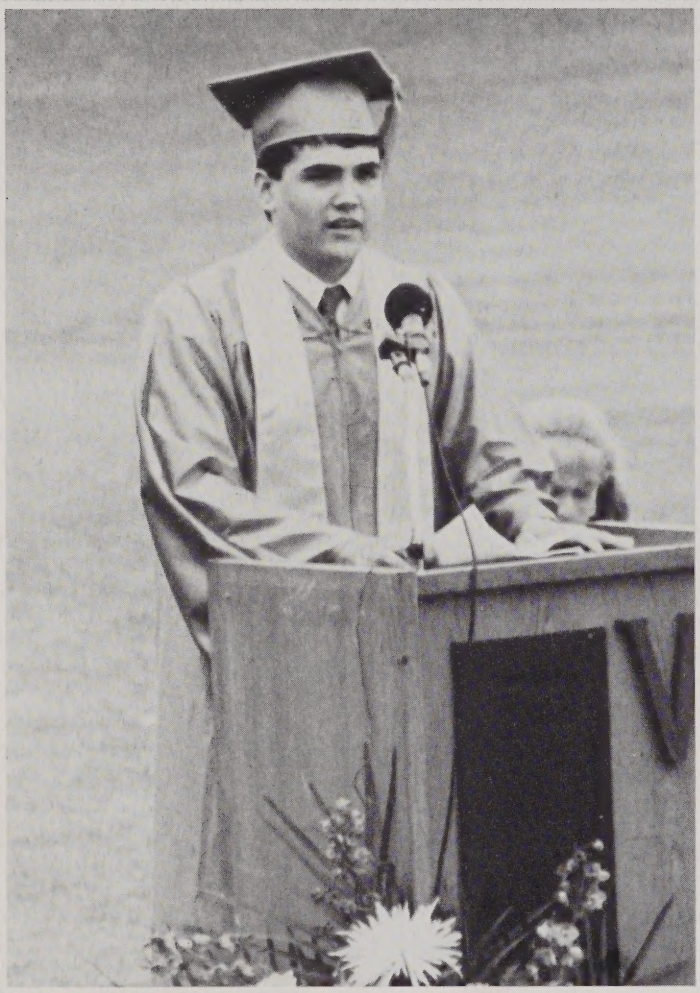
Good afternoon teachers, friends, and family. And welcome, once again, to graduation.

Graduation, the day that every Monday morning for the last four years seemed so far off, is finally here. It really is hard to believe. It seems just like yesterday we were scared little freshmen, struggling to get our lockers open, and find our way to class. Could it have really gone by so quickly?

Graduation is a day of mixed emotions. Today, we are filled with sadness, excitement, fear and anticipation, all at once. It almost makes you dizzy. It is always sad to say goodbye to a chapter of our lives, which is part of what we do here today. We will miss many of the people we have met during the last four years, whether they be students, teachers or library ladies. High school, no matter if you liked it or not, has had a profound effect on all of us. We have grown a lot in the past four years.

All of us have spent the last month or so looking back not only at high school, but at our entire school careers. And in doing so, I noticed a similarity to a television show.

About 11 or 12 years ago, a TV show set in Boston first aired. At first, no one really thought much of it. But over time, the show managed to endure. And over its run, the show got better and became more popular. Until finally, when the last episode of "Cheers" aired just a few weeks ago, it was one of the most-watched television events in history. Well, also about 12 years ago, a class started school. And at first, no one really thought much of it. They were just another group of little kids in kindergarten, learning the ABC's and 1,2,3s. But over time, that class, too, endured, and it got better and smarter.

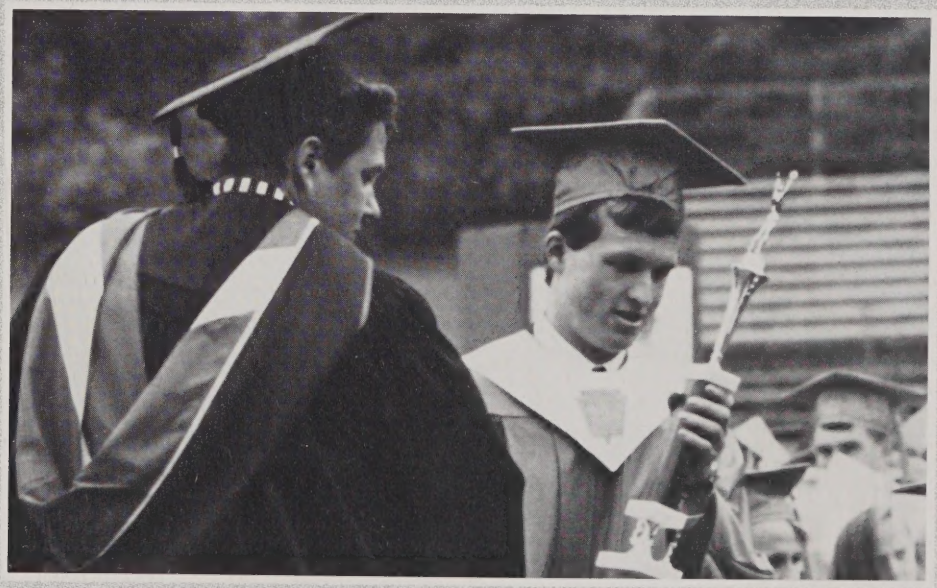


And now we have all gathered here today to graduate the Class of 1993. A class which many have called one of the strongest, closest, and overall best classes ever to pass through the halls of Walpole High.

Graduation is also a day of excitement and anticipation. For with today, a new chapter of our lives begins. We are off into the uncharted waters of college and the working world. We will once again be the small fish, but this time the pond will be much larger. We will do just fine, though, because we have proven we know how to succeed, and more importantly, we have learned how to work hard.

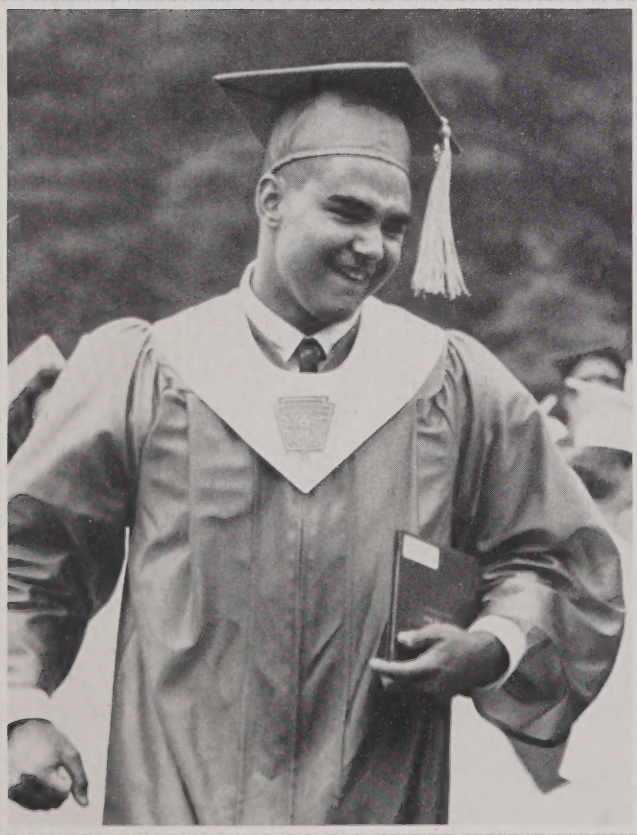
Although we've learned a lot in all our years of school, we learned everything we've needed to know about what to do with the rest of our lives watching old Star Trek reruns. We must boldly go where no one has gone before. Do not go where the path may lead, go instead where there is no path and leave a trail.

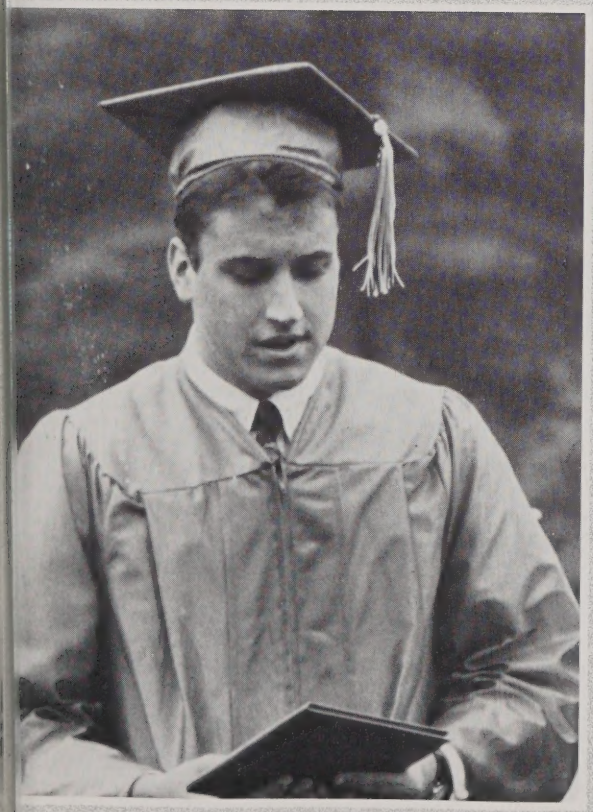
So as we drive off today, for the first time as Walpole High School graduates, let us take one last look back. One last look at the trail we have just finished making after 12 years. Then, let us take the first look forward at the path we are about to begin.



Out there things can happen,
And frequently do.
To people as brainy,
and footsie as you.

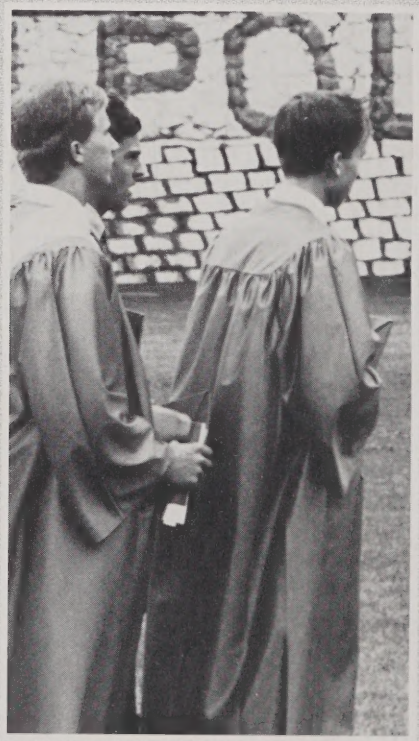
And when things start to happen,
Don't worry. Don't stew.
Just go right along.

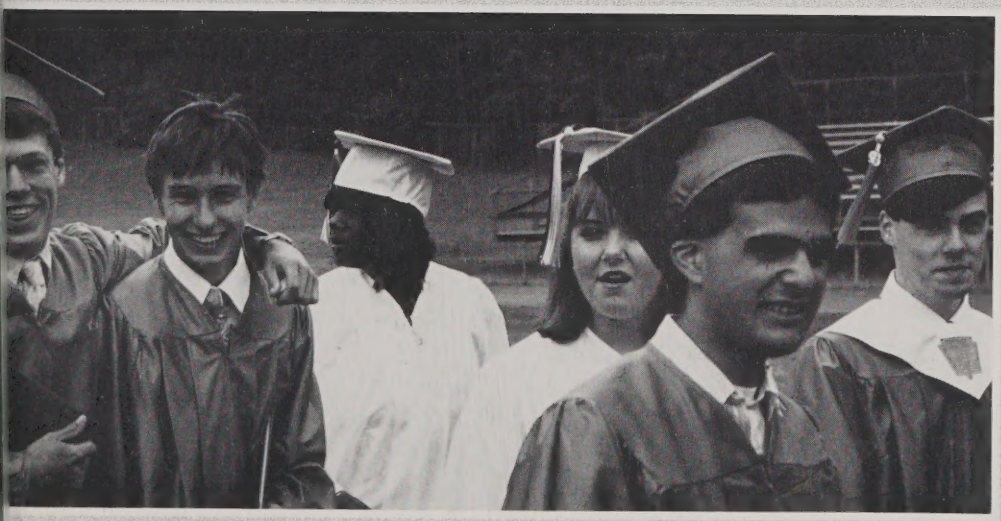




You'll start happening too.
Oh!
The places you'll go!

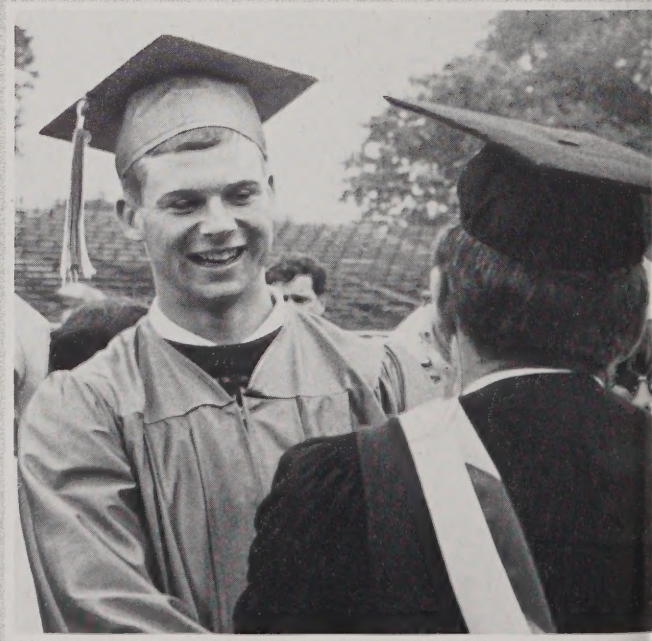
You'll be on your way up!
You'll be seeing great sights!
You'll join the high flyers,
Who soar to high heights.

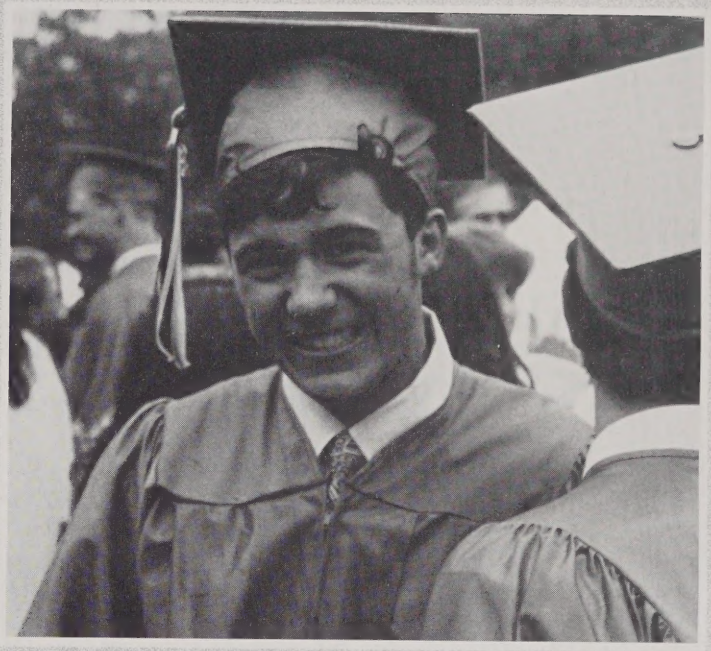




You won't lag behind, because you'll have the speed.
You'll pass the whole gang and you'll soon take the lead.

"Wherever you fly, you'll be the best of the best. Wherever you go, you will top all the rest."





"So be sure when you step,
Step with care and great tact.
And remember that life's a,
Great balancing act.
Just never forget to be dexterous and deft.
And never mix up your right foot with your left.
And you will succeed,
Yes! You will indeed.

Ninety-eight and three-fourths
percent guaranteed.
Kid, you'll move mountains!
So be your name Buxbaun,
or Bixby or Bray,
Or Mordecai Ali Van Allen

PROPHECY

In the year 2018, 25 years after their graduation ....

The Class of 1993 is still the best class to have graduated from Walpole High School. Their lives have traveled many different paths some entwined, many individual, but all the classmates express the same thoughts in the year 2018. The experiences of high school, both good and bad, have made them a group of varied people whose roots all bring them back to the years of 1989 through 1993.

And so, an update, 25 years after the misty, rainy graduation which was bright with smiles we find out what the Class of 1993 is doing.

CHRIS ABATE, *the long lost brother of Nuno Bettencourt, was inducted into the Rock and Roll Hall of Fame. Chris became famous when he played guitar for 256 straight hours with his hands tied behind his back and still sounded better than Eddie himself.*

TERI ACKERMAN *after arguing her way through Congress got a bill passed to save the duck bill platypus. She lives on Walden Pond w/her husband, kids and nineteen platypi.*

After reigning 18 months as the world's most infamous TV evangelist, JOHN ALLAN *met his demise in a tragic blimp accident over the Orange Bowl. It is rumored that John was the leader of a sadomasochistic cult of Buddhist Monks who pride themselves in cow swallowing, but all such allegations have been denied.*

CHAD AMMIDOWN *is the star of a remake of "Saturday Night Fever." Watch Chad boogie to the beat for 120 minutes disco excitement. Can you dig it?*

After reintroducing the hair net as one of America's most popular fads, MATT ANDERSON *used his continental fame to become elected as the first Supreme Court Justice to ever pose nude in Playgirl.*

JAMES ANDREWS *is now the cello playing Editor of the Boston Globe. Occasionally, he goes out into the field to show the young carriers how to deliver the newspaper quickly and promptly.*

RICHARD ANDREWS *has given up smoking and drinking in order to pay off his multimillion dollar lawsuit brought by Jill Ciavattone after graduation in 1993.*

JOE ANTONETTI, *after winning 27 straight NASCAR championships in his Rabbit, now owns a Volkswagon dealership in Sicily, which is really a front for his Mafia operations.*

The famous Californian newlyweds, JULIE ASH *and actor Andrew Shue, live in Beverly Hills and are expecting their first child. Next their plans include a sailing trip around the world.*

Recently returned from France where she has been absorbing the Parisian culture and style, JENNIFER AVERY *has established the largest boutique chain in New England. She is presently in a quandary as which of her many suitors she will marry.*

ELLEBI BACHMANN *was the first woman ever to travel around the entire world on a unicycle while playing the theme from Star Wars on a Bagpipe. Trust me-it's harder than it sounds.*

CHERYL BAILEY *replaced the "Dear Abby" column with her own titled "Dear Bailes" in Cosmo. She acquired her experience after having counseled her friends throughout high school.*

SUE BAIN, *creator of "Even You Can Learn How to Irish Step Dance" instructional videos has kicked off a new trend of Irish Dance clubs across the country. After years of obsession Sue finally married House of Pain's lead singer Everlast.*

HEATHER BAKER *was drafted to the NBA straight out of high school to aid the Celtics after the loss of Larry Bird. The now 7 foot tall Baker has a major marketing deal with Reebok and H&R Block.*

TINA BARRON *is the nineties answer to James Brown. The Grandmother of soul closes her show by drawing caricatures of the audience in rhythm to the pulsating funk.*

COLLEEN BARRY *accepted a research position with DuPont Chemicals, but was forced into early retirement after inhaling too many poisonous vapors. She then embarked on her new found career at MCA records, promoting John Allen's new album, entitled "John Is God."*

LEANNE BECKER *received a ten thousand dollar reward for strangling Ronald McDonald. Leanne says the money will go toward her next mission, baking the Pillsbury Doughboy. The Hamburglar had no comment.*

MELISSA BERRY *is a successful manager in Hollywood. She is currently negotiating a deal to star Mr. T. in a movie version of Shakespeare's Hamlet.*

Shortly after joining his father's accounting firm, DAN BEVIVINO *won the Mass Millions worth 10.7 million dollars. He moved to Key West and opened his own Bar and Grill. He later married his high school sweetheart and is now living happily with 3 children.*

JIM BLESSINGTON, *after dumping every last penny into his Toyota truck for parts, finally sold it and bought a real Tonka toy.*

KELLY BOTHWELL *became an officer in the LAPD, then won a poster-posing contest for Girl Scout cookies. Sales soared to new record highs and she accepted a promo deal with Nabisco.*

STACY BROWN *masterminded the smash comeback tour of the Monkees. There has never been such an amazing demand for Peter Tork and thanks to Stacy, we can all have the Monkees we want.*

Once AMY BURKE, *then Aimee Burke, now Eh-mie Boorque is living in the North Pole with a few friends. She became the envy of all Walpole when her application to be one of Santa's Elves was accepted. She is in charge of making sure that all elves recycle the plastic.*

JEANMARIE BURNS *is a lumberjack in the mighty forests of Ukraine. She is famous for cutting down large oak trees with nothing but her bare hands and a small herring.*

As the highly-paid head of her own veterinary clinic, TAHNEE BUSH *drives the new Lexus, complete with a car phone. She owns a custom-built house with lots of animals and a getaway condo in Jamaica. She goes on shopping sprees once a month with Derangela and in two years is predicted to be the next President of the Department for Animal Rights and the head of Veterinary Medicine in the US.*

CHRIS CALLANAN *the fascist dictator of Jupiter, was recently declared the funkiest man alive. A true Renaissance man, MC Cali releases his solo rap album on Def Jam in March.*

The exciting, intense lifestyle is a bit much for SHÂN CANTRELL *and her beloved husband Moorsey. Perhaps quitting her job as a parapsychologist and returning to Walpole as an accomplished gym teacher is what she needs. After winning a lawsuit against her maid for washing her childhood blanky Blappy, she plans to use the money to divorce Bryan and marry her lover from the Chippendales.*

NEAL CAREY *found out at the Senior Prom that he was meant to dance. He is now the male lead for the New York Ballet. He has been*

married 5 times, but each new ballerina steals his heart.

Mr. Rogers named his successor on the air last week. RYAN CAVANAUGH steps into the role of feeding fish and changing shoes for the kiddies. And think that he used to be our neighbor!

JASON CHEEK'S infamous run for the border ended abruptly when wild man Willy Nelson detonated a lethal burrito. But, Chico lives on as he supervises the construction of new Taco Bells in Europe.

JILL CIAVATTONE, the ultimate granola groupie, spent seven years ceaselessly tracking RHCP and Pearl Jam. She has replaced Sally Struthers as the spokeswoman for the "Save the Children Fund" in Ethiopia with the Peace Corps.

The new line of Gund teddy bears are being modeled after Walpole's ever cuddly DONNA COLLINS, who is enjoying a life of unrestricted living in Paris.

Nobel Prize winner SEAN CONNEELY now is revered as a modern-day Albert Einstein. He also made the Guinness Book of World Records for the longest fingernails. (8 feet).

MIKE CONNOLLY recorded his sixth album under his stage name, Joey Lawrence. When this mega-cute babehound isn't gettin' all the chicks, he enjoys Jello wrestling with the late Andy Kaufman.

DAN CONROY, also known as Mr. Clean Jr., is currently a chess champion in South Phranistan-Aganda B. Although bowling for dollars was Dan's first love, it's a well known fact that chess champs get all the chicks Mike Connolly doesn't.

There's a new face on Sesame Street. Former Walpole resident, JEFF CONWAY, now steps into the role of Cookie Monster. When Jeff is not eating cookies and shouting Cowabunga, he enjoys collecting squirrels.

After retiring from the PGA tour with four straight US Open titles, MIKE CRISAFI now spends his time fishing at Rainbow Pond.

After building a fortune in the pizza delivery business SEAN CUNNINGHAM turned Marguerite Road into the St. Catherine's Street of Walpole.

KENDRA DAYTON is living on the coast of Florida where she owns a chain of dry cleaners. She is also the head volleyball coach for the women's team at FSU. Her husband Dan and 2 kids are skiing in the Alps where he is head coach of the Swiss Ski team.

When last heard from, MAX DELANEY was relishing the joys of the Endless Summer, following the surf across the globe, on a pilgrimage in search of the perfect wave.

JON DEMERS underwent an incredible species change. On a foggy night he made a strange wish and miraculously turned into a fish. You can now see Jon swimming in Boston Harbor with his buddy, Charlie the Tuna.

NICOLE DEYESSO, reportedly in cahoots with Boris Badinoff, is an international spy for Greenland. The CIA is hot on her trail, and has sent Bullwinkle J. Moose to apprehend her.

Due to recent evidence we are led to believe there is no actual person named LAWRENCE DIGIUSTO. He in fact was an alien clone, sent to earth as a perpetual annoyance ... Thank you.
